

Improve Your Profitability with AXIS CloudGroups

Increase visibility across your team – from travel agent to accountant, to system administrator – with **AXIS CloudGroups**.

This cloud-based solution will empower your team to work more efficiently, consistently, and collaboratively, while providing you with the information you need to make smarter business decisions.

See the Whole Picture

Keep an eye on each individual trip to ensure each item is contributing to your bottom line.

Grow Profits

Rely on customizable aggregate reports and dashboards, to pinpoint opportunities for boosting revenue and cutting costs.

Streamline Workflow

Build standardized group templates to ensure ease of setup, consistency and efficiency.

Shop & Book with Ease

Easily find available groups by type, date and destination. Sell from inventory by specifying quantities and selecting available options.

Save Time

Set up trips quickly using pre-built group templates that contain itinerary and pricing details.

Gain Visibility

Easily audit all of your agents' activities – from bookings to payments – to ensure your agency always gets paid.

Manage Your Finances:

Be in Control

Track and control your pricing, inventory, rules and selling procedures to maintain accuracy and precision at every level.

Unify Your Team

Have your group department and agency staff share one system, so they can collaborate more effectively.

Stay Connected

Keep details on itineraries, pricing, inventory, customers and sales in one place, so that everyone is aware of the information at hand.

Numbers You Can Trust

Automate time-consuming calculations to get more accurate results.

Sync with Accounting

Eliminate duplicate entry by importing all your financial information from your accounting system.

Be Precise

Reduce inaccuracies with clients through strong upfront validation when it comes to trip building and invoicing.

Protect Your Data

Reduce the risk of losing your data due to man-made or natural disasters by keeping it in the cloud.
