

# Increase Profitability & Empower Your Agents with AXIS Travel

## Mid-Office & Back-Office Travel Management and Accounting Software

An integrated platform designed to support travel agencies, tour operators, and management teams — from frontline agents to accounting and system

### Cut Down on Manual Entry

Use system integrations to automatically sync data, reducing manual work and ensuring consistency.

### Increase Agent Productivity

Enable agents to quickly invoice trips and log quotes with minimal effort, so they spend less time on administration and more time focused on selling and servicing clients.

### Improve Task Management

Easily configure and track tasks, reminders, and follow-ups to align with your business procedures and standards; help teams stay organized and compliant.

### Analyze & Export Data

Enable deep data analysis with automated data management to support accuracy, reporting, and compliance.

### Gain Visibility

Provide agents and managers with real-time visibility into bookings and traveler status for fast response during emergencies.

### Know Your Customers

Understand customer travel patterns to uncover opportunities and drive higher sales.
